

NOTES

Photobacterium logei sp. nov., nom. rev.; *Beneckea nereida* sp. nov., nom. rev.; and *Beneckea gazogenes* sp. nov., nom. rev.

C. S. HARWOOD,¹ S. S. BANG,² P. BAUMANN,² AND K. H. NEALSON³

Department of Microbiology, University of Massachusetts, Amherst, Massachusetts 01003¹; Department of Bacteriology, University of California, Davis, California 95616²; and Scripps Institution of Oceanography, La Jolla, California 92093³

The names *Photobacterium logei* Bang et al., *Beneckea nereida* Baumann et al., and *Beneckea gazogenes* Harwood were not included in the recently published Approved Lists of Bacterial Names and hence have no standing in bacteriological nomenclature. However, these names are here revived for the same organisms with which they were originally associated and, by this action, now have valid status. According to the current rules of nomenclature, the authors of this present proposal, not the original authors, are to be cited as the authors of these names.

The bacterial names tabulated below (Table 1) were published before 1 January 1980, but they became invalid by not having been announced in the *International Journal of Systematic Bacteriology* in accord with Rule 27 of the Bacteriological Code (4). Therefore, these names were not included in the recently published Approved Lists of Bacterial Names (5). The purpose of this communication is to effect the revival of these names and thus to give them valid status. According to Provisional Rule B1 of the Bacteriological Code (4), the authors of this present proposal, not the original authors of the names, are to be cited as the authors of these names.

TABLE 1. List of bacterial names to be revived and accorded valid publication status

Name	Proposed as:	Authors of original publication	Literature citation to previous description and proposal of name	Nomenclatural type ^a
<i>Photobacterium logei</i>	New species	Bang et al.	1	Strain 584 (= ATCC 29985)
<i>Beneckea nereida</i>	New species	Baumann et al.	2	Strain 80 (= ATCC 25917)
<i>Beneckea gazogenes</i>	New species	Harwood	3	Strain PB1 (= ATCC 29988)
